SKU: F-PTPR-LAT-V2

## Product Images

## Short Description

---

The **Force USA® PT Power Rack Lat Pull-down / Low Row attachment** allows you to easily add lat pulldowns, tricep pushdowns, low rows and many more movements to your training routine. Simply connect to the back of your **Force USA® PT Power Rack** and add plates to the loadable sleeves for resistance. Extended 45cm from the rear of your Force USA® PT Power Rack, the Lat Pull-down / Low Row Attachment allows you room to perform seated exercises comfortably and easily.

## Description

---

### Why should you buy the PT Power Rack Lat Pull-down / Low Row Attachment from Force USA®?

#### VERSATILE EXERCISE OPTIONS

This attachment allows you to easily add a variety of exercises to your routine, including lat pulldowns, tricep pushdowns, and low rows. It's a simple way to enhance your training and target different muscle groups effectively.

#### CONVENIENT AND COMFORTABLE DESIGN

The attachment extends 45cm from the rear of your **Force USA® PT Power Rack**, providing ample room for seated exercises. It's designed for comfort and ease of use, making it a great addition to your workout space.

These features make the Force USA® PT Power Rack Lat Pull Down Attachment a valuable tool for diversifying and intensifying your workouts.
