

MyRack SpaceSaver V2 - Foldable Configurable Power Rack (Base)

SKU: F-MR-BASE-SPACESAVER-V2

Product Images

Short Description

Offering one of the most convenient, space-saving strength training set-ups available today, the updated **MyRack SpaceSaver Folding Power Rack** gives you all the versatility of a full-size power rack with lightning fast fold-away convenience. This base unit includes improved heavy-duty construction, **compatibility** with **F-MR-LAT** and **F-MR-CORE** attachments, an enhanced locking system and all of the reliability and versatility you expect from **Force USA** equipment. Simple assembly in under one hour!

Note: When using this with the [Force USA MyRack Lat Pull Down Attachment](#), the spacesaver can not be fully folded. It will mostly close, but in the last 10cm, the top attachment from the pulldown prevents the arms from completely closing.

Description

Why should you buy the MyRack SpaceSaver V2 - Foldable Configurable Power Rack (Base) from Force USA®?

ALL YOUR STRENGTH EXERCISES COVERED

Features westside spacing with 54 different numbered adjustment points, giving you the ability to perform a wide range of shoulder, arms, chest, back, core and leg exercises comfortably. The lower bench level heights have 2.54cm (1") spacing while the squat height levels have 5.08cm (2") spacing.

LIGHTNING FAST SET-UP

Lightning-fast set-up time with pop-pin technology means it will take you less than 10 seconds to set up or fold away!

GREATER COMPATIBILITY MEANS MORE EXERCISES

The **MyRack SpaceSaver power rack** includes an updated design to work with a range of attachments to open up your exercise options, including:

- Compatibility with all MyRack attachments (excluding F-MR-CROSS and F-MR-SEAT).
- Compatibility with the F-MR-LAT attachment for existing MyRack users.
- Better compatibility with the F-MR-CORE attachment, offering more exercise options.

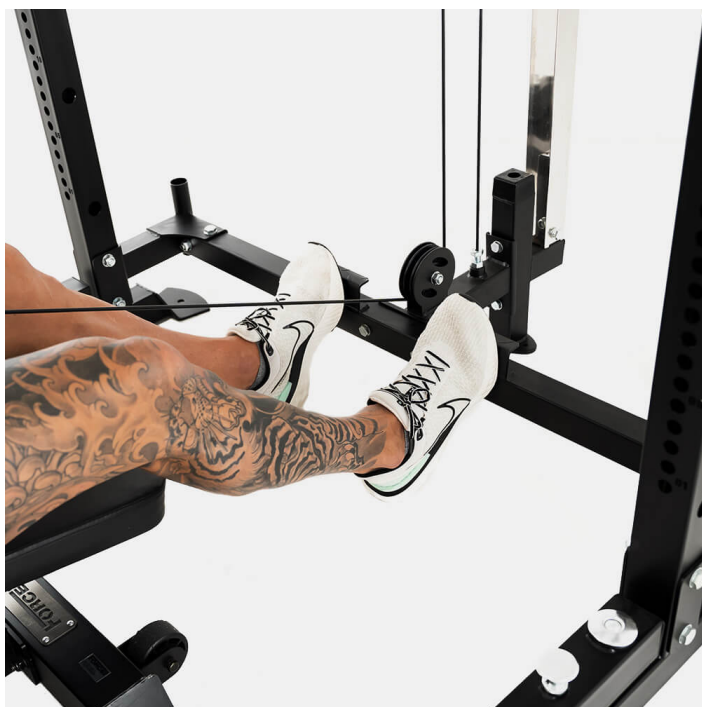

STRONGER THAN EVER BEFORE

The **power rack** boasts improved construction with higher-quality laser cut welding and powder coating, ensuring outstanding performance and durability.

ENHANCE LOCKED SYSTEM

The new **power rack** features a quick and easy locking system for added convenience and safety during workouts. This includes a simplified locking/unlocking mechanism for the Chin Up Bar, making it easier to use.

BUILT-IN FOOT PLATES

The **power rack** features built-in foot plates for low row exercises, providing stability and support with the F-MR-LAT.

LOADS OF STORAGE

The **MyRack SpaceSaver** comes equipped with rear barbell storage and storage hooks for your bands and accessories, so keep your home training space clean and tidy.

YOUR RACK, YOUR WAY

With over 50+ different configurations you can customise your **MyRack SpaceSaver** with a choice of optional attachments, including J-Hooks, Safeties, Dip Handles, Weight Plate Holders and even a Monolift and Landmine Attachment.

QUICK SNAPSHOT: WHY CHOOSE THE MYRACK SPACESAVER?
