## Product Images

## Short Description

---

The new Evolution line from Titanium Strength is **designed to meet the demand of the most serious users.**

**The high quality 2mm steel tubes, durable construction and the variety of options offer optimal training comfort, safety and quality. It provides sufficient capacity for most heavy users making these strength machines perfect for any serious Home gym or Semi-Commercial Environment.**

The two-tone matte black and red painting provides a unique and stylish look which makes the H line **the perfect way to experience all benefits of strength training and Body Building.**

## Description

---

### Why should you buy the Titanium Strength Evolution Heavy Duty Power Rack?

The **Titanium Strength Heavy Duty Power Rack** is the ideal training partner when you want to break records as safely as possible. **The long spotters ensure that both sides are completely closed to catch the barbell.**

**Bench press, military press, lunges, squats, dead weight, dominoes...** Incorporate all the exercises you want into your **training plan** and carry them out with this super machine that, it must be said, **has a very elegant look.**

**It includes a multi-grip bar**, patented **magnetic hooks** and **spotters** that improve their attachment to the structure, **protectors on the spotters** (which is appreciated), sandwich **j hooks** with nylon reinforcement and a **maximum load of 280 kg.**

#### Key features:

- **Multi-grip** pull up bar
- **Patent magnetic J hooks** and spotters
- **Sandwich J hooks** with strengthen nylon insert
- **Bumper pad** on spotters
- **Solid** construction

#### About Titanium Strength:

**Leading brand** in the sale of **equipment** and **machines** for **strength** and **cardio training.**
