

CT900 TFT Multimedia Commercial Elliptical Cross Trainer with 10" Touch Screen

SKU: CT900-TFT

Product Images

Short Description

When designing our **CT900 TFT Elliptical**, we set out to create a comfortable and natural stride pattern, while offering user-centric safety features and the best entertainment solutions. With the addition of the **10" touch screen**, this classic piece of cardio equipment becomes the complete package, providing users with convenience and connectivity - **the perfect solution for your gym!**

Description

Why should you buy the CT900 TFT Multimedia Commercial Elliptical Cross Trainer with 10" Touch Screen from Titanium Strength?

MINIMUM DISTANCE BETWEEN FOOT PEDALS

The narrow **11 cm** distance between pedals ensures an anatomically correct position, favoring a natural and fluid movement for an optimal training experience.

LONG STRIDE

The CT900 TFT offers a smooth and silent **51 cm** stride, considered the optimal distance for the average user. This wide stride spacing ensures a fluid and natural movement, providing users with a comfortable and effective experience in every workout session.

INERTIAL SYSTEM

With a **35 kg** inertial system, the CT900 LCD offers solid and constant resistance, ensuring every movement is smooth and effective. This feature allows users to maintain a steady pace during their exercise sessions, helping them efficiently reach their fitness goals.

10" TOUCH SCREEN

The 10" touch screen of the CT900 TFT offers a complete and immersive training experience. Discover a world of possibilities with:

- **Personalised Entertainment**

Enjoy a fully immersive training session with access to a wide range of digital content. From your favourite shows on Netflix to your playlists on Spotify, as well as YouTube, Disney+, and Prime Video, you can enjoy personalised entertainment directly on the cross trainer while training.

- **Compatibility with Training Apps**

The multimedia monitor features Bluetooth FTMS technology, allowing it to be synchronised with popular apps like Zwift or Kinomap.

- **Wireless Connection**

Connect your wireless headphones for a wire-free audio experience during your workout. Additionally, you can link chest straps (not included) via Bluetooth or radio frequency to monitor your heart rate accurately.

- **Custom Data Recording**

The multimedia monitor offers the flexibility to train as a guest or create up to 5 individual user accounts. Record and analyse your training data for a comprehensive view of your progress and performance.

- **Screen Mirroring**

Users can easily mirror their smartphone or tablet screen on the console when connected to the same Wi-Fi network. This feature is compatible with both Android and iOS devices, providing flexibility and convenience to optimise the training experience.

SPECIFICATIONS

- **Use:** Commercial (Suitable for Gyms Under 300m²)
- **Resistance System:** Magnetic
- **Stride Length:** 51 cm
- **Pedal Spacing (width):** 11 cm
- **Inertial System Rotational Mass:** 35 kg
