

# Commercial Upright Stationary Bike ST900 TFT Multimedia with 10" Touch Screen

SKU: ST900-TFT

## Product Images

## Short Description

---

The **ST900 TFT** has everything you could desire in an upright bike: smooth cycling, ergonomic design, a reinforced professional structure to ensure stability during the most intense workouts, and entertainment provided by its **10-inch touchscreen multimedia display**. With **Bluetooth FTMS**, it's **compatible with** apps like **Zwift** or **Kinomap**, and also allows you to view multimedia content such as **Netflix** or **Spotify**. Additionally, you can connect headphones, chest straps, or Smart Watches for a complete experience.

## Description

---

**Why should you buy the Commercial Upright Stationary Bike ST900 TFT Multimedia with 10" Touch Screen from Titanium Strength?**

### **14 KG FLYWHEEL**

With a **14 kg flywheel**, the **ST900 TFT** provides a smooth and fluid pedalling experience. This heavy flywheel ensures greater stability and consistency in each pedal stroke, allowing users to enjoy a comfortable and effective workout.

### **XXL ERGONOMIC SEAT**

Designed to accommodate every user, the seat offers vertical and horizontal adjustment to ensure an optimal and comfortable position with each pedal stroke, maximising comfort throughout the workout.

## ROBUST STRUCTURE

Built with an oversized and reinforced structure, the **ST900 TFT** guarantees maximum safety and stability during each training session. This ensures that users can train with confidence and comfort, without worrying about the stability of the bike.

## 10" TOUCHSCREEN DISPLAY

The **10" touchscreen display** on the **ST900 TFT** offers a complete and immersive training experience. Explore endless possibilities with:

### Customised Entertainment

Enjoy a fully immersive training session with access to a wide variety of digital content. Platforms like **YouTube**, **Netflix**, and **Spotify**, among others, are available directly from the equipment.

- **Compatibility with Training Apps**

The multimedia monitor features **Bluetooth FTMS** technology, allowing you to sync it with popular apps like **Zwift** or **Kinomap**.

- **Wireless Connectivity**

Connect your wireless headphones for a hands-free audio experience during your workout. Additionally, you can link chest straps (not included) via Bluetooth or radio frequency to monitor your heart rate accurately.

- **Personalised Data Recording**

The multimedia monitor offers the flexibility to train as a guest or create up to 5 individual user accounts. Record and analyse your training data to gain a comprehensive view of your progress and performance.

- **Screen Mirroring**

Users can easily mirror the screen of their smartphone or tablet on the console when connected to the same Wi-Fi network. This feature is compatible with both Android and iOS devices, offering flexibility and convenience to optimise the training experience.
