SKU: RB900

Product Images

Short Description

The **RB900 LCD** is a **professional Recumbent Bike** designed to provide exceptional comfort and experience. With its step-through design, this bike is ideal for users of all levels, allowing easy and convenient access. Its adjustable seat ensures a comfortable position throughout the session. Additionally, the intuitive **LCD console** offers **30 workout programs and 24 intensity levels**, providing a personalized and effective experience.

Description

Why should you buy the Commercial Recumbent Exercise Bike RB900 LCD from Titanium Strength?

BLUETOOTH FTMS

The **RB900** is equipped with **Bluetooth FTMS** connectivity, allowing seamless integration with popular fitness apps like **Zwift** or **Kinomap**, offering users a connected and personalized training experience.

HEART RATE MONITOR

The **bike's handlebars** are **equipped** with a **heart rate monitor** that allows users to measure their heart rate comfortably and conveniently from the seat, without having to separate their back from the backrest, ensuring an uninterrupted training experience.

STEP-THROUGH DESIGN

Its **step-through design** offers easy and convenient access to the machine, making it ideal for **rehabilitation programs**.

CONSTANT LUMBAR SUPPORT

The exercise bike's backrest is designed with constant lumbar support, providing additional comfort and security for users who may have back issues. This design ensures an ergonomic and comfortable position throughout the training.
