

Bumper Plate and Barbell Storage Tree

SKU: F-BPBST-V2

Product Images

Short Description

Introducing the upgraded **Force USA® Olympic and Bumper Weight Plate Tree** - now with added easy transport wheels for effortless movement. This amazing space saver is an efficient **storage** solution for your **Olympic Barbells** and **Bumper Plates**. Weights will glide effortlessly on and off the six chrome-coated plate horns, minimising damage to both the plates and the sleeve.

Description

Why should you buy the Bumper Plate and Barbell Storage Tree from Force USA®?

ELITE STORAGE

The weight horns are spaced 500mm apart, allowing the weight tree to store bumper plates (each having a 450mm diameter) on each horn. Suspend your weight plates safely off the floor for easy access and organisation. The weight tree also includes six Olympic-sized barbell holders, keeping your home training space clean and tidy. With barbell storage low to the ground, the weight tree is suitable for 2.7m ceiling heights.

MANOEUVRE WITH EASE

The weight tree now comes with transport wheels, making it effortless to move around your gym or workout space. No more struggling to relocate your weights, just roll them to your desired location with ease.

*** The storage tree can be used with or without the transport wheels. When used with the wheels, the weight**

capacity is 300kg. When used without the wheels, the weight capacity is increased to 600kg.

HEAVY-DUTY CONSTRUCTION

Built with durability in mind, the weight tree is designed to withstand heavy loads and regular use. It's made to last, so you can focus on your workout without worrying about the safety of your weights.
